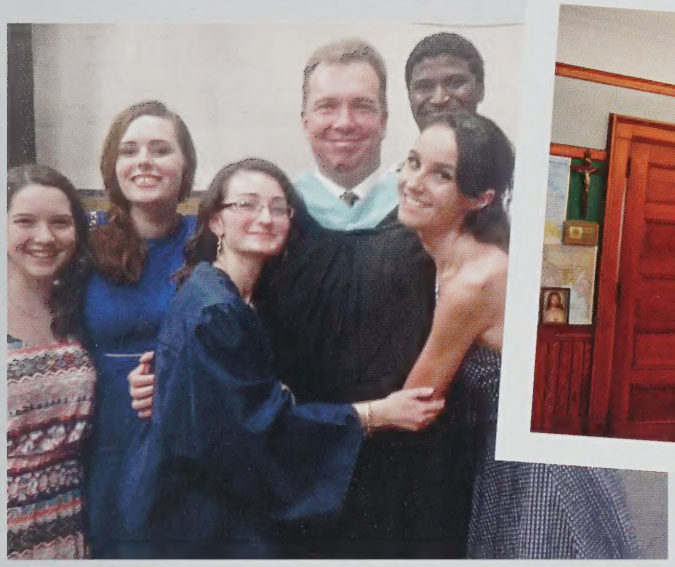
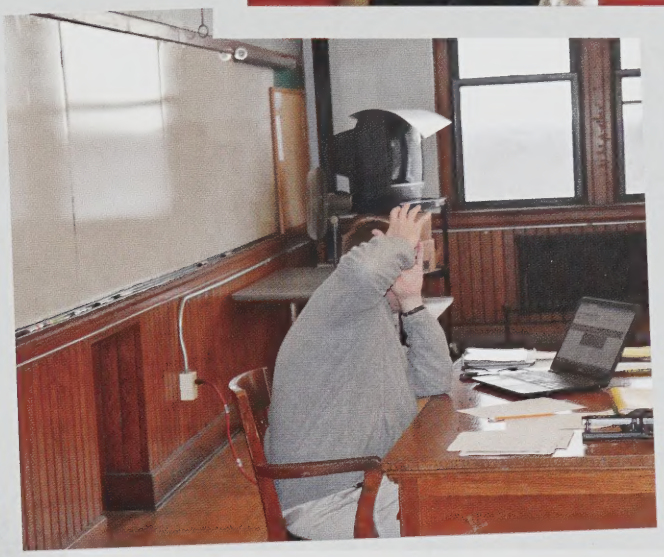
# Dedication

The class of 2016 dedicates our yearbook to Mr. Derek Shell. Thanks to his brutal honesty, he has earned the title of sassiest teacher at St. Bernard's. We often find ourselves thinking of him as more of a friend than a teacher, but we all still manage to learn plenty in his class. Oftentimes those lessons are stories from his life such as the time he challenged a student loan collector to a fight, leaving us with the good advice not to spend too much on our college educations. Other times his stories are just to brighten our day; like when he waited an hour in a grocery store parking lot because he thought someone left their baby in their car only to discover, just before calling the police, that the baby was a doll. It may seem like it would have been impossible for us to learn any history while having this much fun, but the detentions that Mr. Shell gives out like candy never fail to keep the class on track.

This dedication wasn't earned just because Mr. Shell is the teacher that we all love to joke around with. He works to help us engage in the world around us. He has always encouraged us to form our own opinions, often sparking heated debates in the process. Some of those debates even continued into the class after his (sorry Mrs. White). Who else could get so many teenagers this interested in politics? Not only has he encouraged some of us to participate in student government, he has had the confidence in us that oftentimes we don't have in ourselves to speak our minds and stand up for what we believe in. Which is a valuable lesson that all of us will take wherever we go after high school.





**We cannot always build the future for our youth, but we can build our youth for the future.**
**-Franklin Delano Roosevelt**

### *Ms. Kimberly Hilton*

When I graduated from STB in 2010, I didn't know at the time that I would be joining the STB family once again as a teacher. I can relate to my students because I know what it's like to have walked these halls. And now, with some of the same teachers who once taught me, I am so grateful to have this opportunity to give back to STB, to inspire students the way that my teachers have inspired me.

### *Mmes. Kathleen Boudrea and Maryann Raymond*

Between us, we've experienced about sixty years at STB. We've witnessed upwards of thirty classes that have graduated, adding to the many generations of students to whom we have been the ministers of a simple vision that began with the founders of STB, the Sisters of the Presentation. It has always been our mission to carry the lantern of what has been imparted to us by the Sisters' founder, Nano Nagle, who continues to inspire us to teach in the light of our Catholic faith. We continue to carry her lantern of belief, hard work, cooperation and respect. Be proud of your alma mater and give it reason to be proud of you!

### *Mr. Irwin Bramson*

A college adjunct since 1985 with 10 years in the public school system, I am new to the teaching staff here at STB. I was informed during my first interview that the school's maxim to, "Love one another" is the most important message for students. Learning this, I knew that if I were offered the position, I would happily accept. Discovering that STB is indeed loyal to its mission, I'm delighted to be serving as a member of such a warm and caring community.

I don't go to work every day; I go to school. And with forty years here at St. Bernard's, starting as a Math teacher, then a Dean of Discipline, and now Principal, I've been fortunate enough to do what I love and love what I do. I've watched students grow up to meet various challenges in academics, athletics, and extracurricular activities here at STB. Yet, I see that the greatest advantage St. Bernard's offers students is the opportunity to build good character by appreciating what it means to be trustworthy, to work hard, and to do their best. I take a personal interest in helping students develop a sense of self-reliance and a self-awareness that is truly authentic so that one day, they too will discover the joy of doing what they love and loving what they do.

## Mrs. Maryann Raymond

**Teaching Art is my passion.** I have been teaching at least one art class every year since 2000. It is very rewarding to watch students develop their artisitc skills during the year, and to encourage them to share their talents with the entire school. Students have created billboards for STB's open houses and posters and displays for Hall of Fame and Distinguished Bernardian events. Painting the sets for the school plays and musicals really gets the creative juices flowing. Students work as a team while providing a service for the Drama Club and it is wonderful to see the fruits of our labors come to life on stage with the actors.

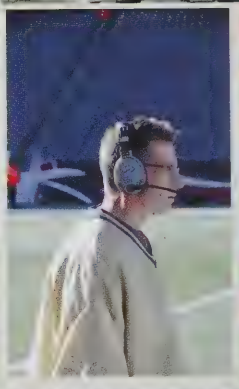
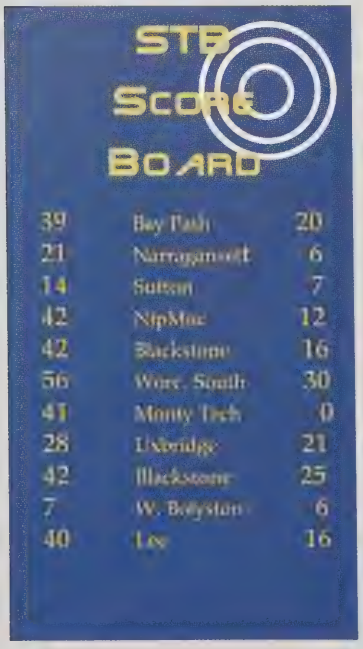
OPTUM

## Foxborough - December 5, 2015

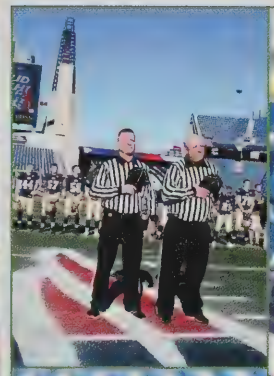
**A Proud Moment for Coach Tom Bingham.** "We are a small school from Fitchburg, and we only have five seniors, so we really have to be well prepared every week."

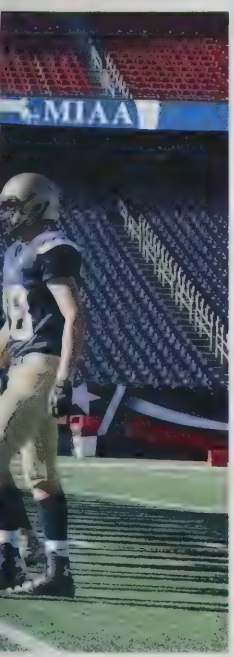
Huddled on "The Flying Elvis", St. Bernard's had battled its way through games against Division 4, 5 and 6 schools to advance to the Super Bowl for the first time since 1997.





## Gillette Stadium: Home of the New England Patriots





A strong show of support from the students of St. Bernard's. A proud moment for all Bernardians.

# DIVISION 6 SUPERBOWL

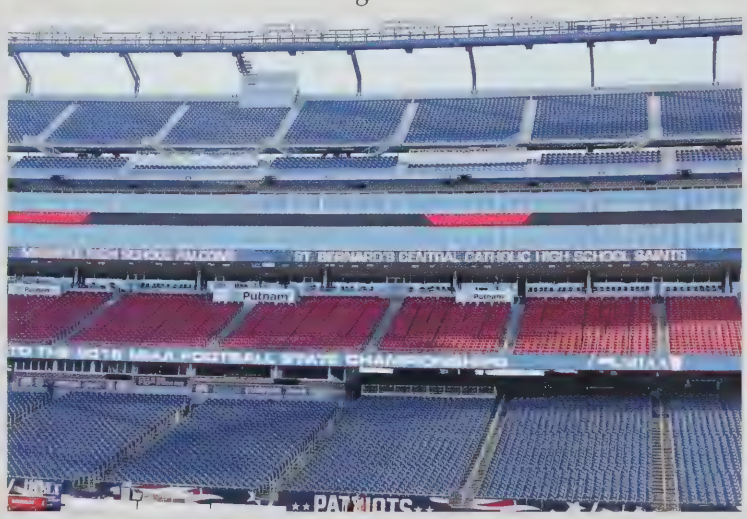
## Mashpee (11-1) and St. Bernard's (11-0) come prepared

The Bernardians complete an unforgettable journey to Gillette Stadium in this year's High School Football State Championships. Despite a loss to the Mashpee Falcons, Head Coach Tom Bingham couldn't hide his tremendous pride in his team and in his seniors. "Proud of the kids. What an absolutely fantastic year. This senior class is something special to St. Bernard's football. Not only did they have a great season, but they truly changed our program around and got us going in the right direction."

St. Bernard's got its score midway through the second as they went on a 17-play, 85-yard drive behind the rushing and passing of Bigelow and the hard running of A.J. Robichaud. Bigelow finished with 51 yards rushing and was also 6-of-13 passing for 81 yards. Merchant had 55 yards on five catches, and Zach Bingham hauled in one for 26 yards.

"What an absolutely fantastic year," said Coach Bingham. "This season is something special for STB Football. Win, lose or draw, what these kids did will never be forgotten."

"We like to spread the ball around on offense and take what other teams give us. One of our strengths is that we have speed and we have some real athletic kids."



**Mashpee 28, St. Bernard's 8** "I'm proud of everyone", said Bigelow after the game. "Obviously we didn't come away with what we wanted to, but just being here, it's a great experience."

**Kelly Connors**, Central Mass. Ski League Champion; 1st place out of 65 female skiers!

On August 28, 2012, you began your four-year journey at STB. You came from different elementary schools throughout Northern Worcester County and New Hampshire to form the STB Class of 2016.
